

Sethabile Gina

Miss Gina joined the DUCT #SEF Programme in 2023 as an Enviro-champ. When an opportunity arose for an office cleaner, she seized it, unaware that this was going to be a catalyst for her growth.

Her computer skills were noticed by a previous DUCT employee when he needed technical assistance; who then took her under his wing as his assistant. Soon, an arrangement was made for Sethabile to work both as a cleaner and an assistant, harnessing her skills.

Sethabile's dedication and thirst for growth propelled her to excel. Her remarkable performance earned her a promotion to Administrative Assistant, and subsequently, Finance Assistant.

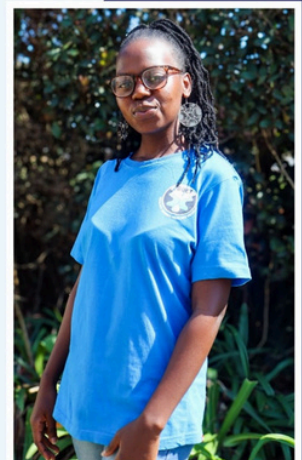

She is now working full-time for DUCT to accommodate both these roles. She expressed that this opportunity has been a game changer in her life. She is now able to send more money at home and has enabled her to invest in her entrepreneurial endeavors.

Congratulations and Well done miss Gina!!

Sethabile Gina

' I am now able to send more money back home, and still take care of myself.

I have learned that success is not something you chase, but it is something you attract by the person you become.'
